

CALL FOR PROPOSALS

For the SAKK/Novartis Grant for
innovative patient-centered projects
in oncology and hematology

Application deadline: September 30, 2020

Submit your project now

The Swiss Group for Clinical Cancer Research (SAKK) and Novartis Pharma Schweiz AG award the SAKK/Novartis: Together for Patients Award. This Award supports planned and ongoing patient-focused projects in the field of Hema-Oncology and Oncology. Hemato-oncological projects are especially encouraged to apply.

Key information

- Grant is endowed with a maximal amount of CHF 30 000.–
- Application deadline is September 30, 2020

Application Process and Timelines

Applications have to be submitted electronically via the SAKK website until September 30, 2020.

You

- Are an individual health professionals or groups working in the health sector (practicing doctors, health care representatives, nurses, etc.)
- Have your primary place of work in Switzerland (hospital, private practice, other institution)
- Must finance your project via an institutional bank account

Your project

- Aims to prevent hemato-oncological and oncological diseases
- Reduces the disease burden on patients and/or their families
- Improves patient care by optimizing prevention, networking, care, education, communication, outcome, and quality of life

Grant winner

An independent jury, chaired by the SAKK board member Prof. Dr. med. Miklos Pless, evaluates all projects and announces the grant winner at the Swiss Oncology and Hematology Congress (SOHC) in November 2020, where he/she will be requested to present a short exposé on the planned project. Further notifications about the winning project will be published in the Schweizer Krebsbulletin, the SAKK newsletter and on the SAKK website.
