DETAILS

September 22 – 24, 2021

The ESMO Congress 2021 will be the global stage for the exchange and debate of translational cancer science of excellence, first announcements of practicechanging data, and multidisciplinary must-have conversations set to spur transformative therapies against cancer.

Parallel to the ESMO Virtual Congress 2021 we offer the **ESMO in the Alps** – a live meeting as well as a live broadcasted Webinar. The Scientific Committee will select the most important technical news and discuss directly with experts in five blocks divided according to subject areas. We are kindly inviting you to join this discussion on-site or easily from home.

Next to the experts from each field we are pleased to invite the SAKK Young Oncology Academy (YOA) as parts of the this years program.

Registration is open now, for more information please visit sakk.ch
