

2. Where to find help regarding secuTrial (sT) and Data Entry

- Training videos can be found on the sT log in page <http://www.sakk.ch/edc>
- A General User Manual (GUM), which covers all technical aspects of sT in detail, can be found on the sT log in page as well as on the sT Welcome Page.
- A Trial Specific Manual (TSM), which covers the data entry guidelines for a study, can be found on the sT Welcome Page.

Please do not print these documents, but use them online to always work according to the most current version!
