

**With the vision of bringing progress to cancer treatment, The Swiss Group for Clinical Cancer Research (SAKK) has been the primary contact for authorities, associations and pharmaceutical companies in Switzerland as a national network for clinical cancer research since 1965. The non-profit organization employs around 70 people at the Coordinating Center in Bern and has an annual business volume of round about CHF 20 million.**

As successor to the current holder of the position, we are looking for a

## **CEO SAKK (m/f)**

### **Your tasks**

You manage the business of SAKK on behalf of the Board and assume responsibility for personnel, functional, and financial management. You ensure high-quality and cost-effective service provision by means of functioning structures and processes and further professionalize the areas of planning, controlling, reporting and communication. You establish a motivating and integrative management and corporate culture. As the public «face» of SAKK you will maintain and further develop the cooperation network in consultation and cooperation with the president.

### **Your profile**

You are an expert in the Swiss health care system and have leadership experience in expert organizations. You have a high level of understanding of the business and financial context and experience in the area of corporate and organizational development. You develop networks and are familiar with public relations. You have very good communication and representation skills coupled with strong negotiation skills. A university degree and very good language skills in English, German and French complete your profile.

### **Our offer**

As CEO you assume overall operational responsibility and a multifaceted leadership role in the most important Swiss organization for clinical cancer research. The restructuring of SAKK is completed. You will take on a pivotal role in further developing and repositioning SAKK strategically. You will be on the pulse of the latest developments in cancer research and be in direct contact with key decision-makers at the political and business level. A team with very good network and outstanding expertise awaits you. SAKK offers attractive employment conditions and a working location in the middle of the federal capital Bern; only 5 minutes away from the main train station.
