Agenda

Thursday, September 14, 2023

17:00–17:10	Welcome to the 4th SAKK Translational Urogenital Cancer Network Meeting	Prof. J-P. Theurillat	open*
17:10–17:40	Challenges on the search for the super-BCG for bladder cancer	Prof. C. Rentsch	open*
17:40–18:10	Personalized approaches for prostate cancer radiotherapy: the emerging role of new biomarkers	Prof. T. Zilli	open*
18:10–18:50	Targeting NGF in bladder cancer	Prof. C. Jandus	open*
From 19:00	<i>Networking Dinner</i>	All	open*

*Presentation and discussion are open but limited to max. 2 representatives from industry per company

Agenda

Friday, September 15, 2023

08:30–08:40	Welcome	All	open*
08:40–09:00	Reactivating the immune system exploiting post-transcriptional gene regulatory mechanisms in prostate cancer	Daniela Brina	open*
09:00–09:20	Elucidating the stromal contribution to androgen deprivation therapy resistance in prostate cancer	Francesco Bonollo	open*
09:20–09:40	Deciphering the Role of Innate lymphoid Cell Type 2 (ILC2s) in Prostate Cancer	Hajar El Ahanidi	open*
09:40–10:00	Identification and characterization of castration-tolerant cell populations in advanced prostate cancer	Romuald Parmentier	open*
10:00–10:30	<i>Coffee break</i>		
10:30–10:50	Investigating key molecular players in putative stem cell subpopulations of prostate cancer	Wanli Cheng	open*
10:50–11:10	Alteration of AR and mTOR signaling in vivo as a tool to study residual disease in prostate cancer	Federico La Manna	open*
11:10–11:30	Integrative Proteomics Analysis of Lineage Plasticity in Prostate Cancer	Jichang Zhang	open*
11:30–11:50	Radioligand therapy of prostate cancer: Patient experience survey and production of a patient-oriented educational video	Niklaus Schaefer	open*
12:00–13:00	<i>Lunch Break</i>		
13:00–13:20	Biotechnet Group	M. Kruithof / A. Kahraman	open*
13:20–14:20	Roundtable – Discussion on project promotion	All	open*
14:20–14:30	Wrap-up and Award	All	open*

*Presentation and discussion are open but limited to max. 2 representatives from industry per company

SCIENTIFIC COMMITTEE

Prof. Dr. med. Jean-Philippe Theurillat, IOR | PD Dr. med. Petros Tsantoulis, HUG |
PD Dr. med. Mohamed Shelan, UCI | Dr. Clémentine Le Magnen, USB

ABSTRACT SUBMISSION

Presentations of ongoing research projects are highly encouraged. Please submit your abstract (300-word limit) by end of August 2023 to events@sakk.ch. In case of any questions relating to the presentations, please contact J.-P. Theurillat jean-philippe.theurillat@ior.usi.ch.
For presenters of projects, participation at the event is free of charge (hotel and registration).

AWARD

An award will be given to the best project presented on prostate cancer at the meeting. The award sponsored by Advanced Accelerator Applications is endowed with CHF 20 000 and aimed at supporting ongoing prostate cancer research. To be considered for the award, please submit in addition to the abstract mentioned above your CV, your publication list, and a 1-page description of your ongoing research and future directions by end of August 2023 to events@sakk.ch.

PARTICIPATION FEE

CHF 160 without hotel room. Hotel rooms must be booked by the participants.

ORGANISING INSTITUTION

MediCongress GmbH on behalf of SAKK Competence Center
Auenstrasse 10 | 8600 Dübendorf
kongresse@medicongress.ch | 044 210 04 24 | www.medicongress.ch
